### Personal Belongings

Merrill Animal Clinic is not responsible for any belongings that are lost or destroyed when brought with the pet while boarding.

### Emergencies

In the case of a natural disaster (ex. hurricanes, tornadoes, etc.), Merrill Animal Clinic can not and will not be liable in any way for the patients in the building; because of insurance regulations, employees are not allowed to enter the building in an emergency situation.

### Medical Services

The following are required prior to boarding. Any services rendered to meet these requirements will be charged accordingly.

1. Pets must be flea free. Otherwise, Advantage will be applied topically.
2. Cats must be current on Leukemia and Aids testing.
3. All pets will have a fecal test done. If parasites are found, medications will be dispensed.
4. Pets must be current on vaccinations:

#### Cats must have:

FELV (Leukemia) yearly in outdoor cats

FVRCP (Distemper)

Rabies

#### Dogs must have:

Bordetella (Kennel Cough) yearly

DHPP (Distemper)

Rabies

Canine Influenza H3N8 + H3N2

**Note:** Sometimes the stress of boarding may exasperate an underlying or previously undiagnosed medical condition. In the event a medical condition occurs (for example diarrhea or an abrasion), a veterinarian will run any necessary diagnostic tests and treat both for the wellness of your pet as well as the safety of other pets in the clinic.
